

Surprise Extension for 1095's

The IRS announced in November, 2016, through notice [2016-70](#), that employers who must comply with the reporting requirements under the Affordable Care Act have an additional 30 days to provide the 1095's to employees.

The notice includes the following information:

- **The IRS extended the deadline to deliver ACA reporting forms to employees from January 31, 2017 to March 2.** The extended deadline applies to furnishing to individuals the 2016 Form [1095-C](#) (*Employer-Provided Health Insurance Offer and Coverage*) and Form [1095-B](#) (*Health Coverage*).
- **This extension applies for tax year 2016 only**, and does not require an employer to request an extension.
- **The IRS did not change the deadline for filing Forms 1094 and 1095.** This means there will be no extension to file the 2016 Form [1094-B](#) (*Transmittal of Health Coverage Information Returns*) along with copies of Form [1095-B](#), and Form [1094-C](#) (*Transmittal of Employer-Provided Health Insurance Offer and Coverage Information Returns*) along with copies of Form [1095-C](#).
